Subject: Registration of our companies name in your vendors list.

Regarding: Spares for Air & Gas & Screw Compressors

Respected Sir/Madam,

We take this opportunity in introducing ourselves as one of the leading suppliers of various kinds of Air, gas & screw compressors spares.

We import these spares from OEM to the principal companies assuring customers that these spares are manufactured under strict quality control, confirming to the latest international standards are available at reasonable rates and off - the - shelf deliveries.

This advent of technocrats venturing into manufacture and supply of quality replacement spares has restored the confidence of the actual user into testing alternate sources of spares supply, which if not as good, are probably better than the ORIGINAL. It's good bye to erst while traders who have no concept of material specification

We shall be highly thankful to you if you could kindly send us your enquiries, which will receive our prompt and best attention. Thanking you and assuring you of our customary best attention.

Best Regards

CAPCO
